VOL. XIX. NO. 41.

LOUISA, LAWRENCE COUNTY, KENTUCKY, JUNE 10, 1904.

M. F. CONLEY, Publisher

Farm, Stock and Crop.

Mr. Taylor Watkins, of this county, sold last week to Dohr & Klink, of Buffalo, New York, 450 head of cattle that averaged 1,143 pounds at \$1.60 per hundred. The aggregate of the cattle was 514,350 pounds and the amount received for same was \$24,679.10.—Elizabethtown News.

Ex Congressman John Taylor, of Owenton, and others, since the Constitutional amendment, trying to purchase the entire tobacco crop of the State, have purchased about 6,000,000 pounds, and paid from 18 to 20 cents per pound.—Elizabethtown News.

The high jump which hurley tobacco has taken in the past eight weeks is resulting in the return of tobacco exported to foreign markets for sale. Hurley at the present time averages about \$1.50 per hoghead, which is an increase of from \$1.00 to \$1.50 over the price formerly paid by foreign dealers.—Ex.

Orlando, the world-famous horse, winning every race he started in, and \$142,285 for the Duke of Westminster, had to be killed at W. D. D. McDonough's stock farm in San Francisco, to relieve suffering from paralysis. His late owner paid \$150,000 for breeding purposes.

A few days ago H. B. Hatfield, of Buchanan county, bought a mule calf in Nicholas county for \$100 to be delivered in October. Monday he sold the calf to Mr. Thomas Davis, of Mason county, for \$125. The calf was only twenty-seven days old Monday. This is said to be the best mule calf ever seen in Kentucky, and will be exhibited at the World's Fair by Mr. Davis.—Ex.

The only product Mason county now has for export is straw and eggs. On the other hand farmers are buying corn, hay and other food stuff in large quantities. Corn at 65 cents a bushel is too much of a luxury to feed hogs, consequently the county is pretty well cleaned out of hogs. Instead of planting so much tobacco why not diversify the crop and raise more corn, hay, oats, potatoes and wheat? It certainly would pay a larger dividend and not be so hard on the land.—Mayville Ledger.

The biggest deal in cattle that has been made in this county for a number of years was consummated yesterday, when Harry Lazarus, the well known stock dealer, purchased of J. H. Chaney, a prominent farmer of Richmond, 308 head. The cattle were bought by Mr. Lazarus for N. Leshmon & Co., an export firm of Baltimore, Md. The price paid was \$1.50 per hundred weight or approximately \$28,000 for the entire lot. The cattle were shipped to Baltimore to be shipped abroad later.—Hawling Green News.

An acre planted to potatoes will yield more than two times as much food material as when planted to wheat; 14 times more than rye or 17 times more than peas. The value of this crop appears to be very largely disregarded by farmers in this country. In Germany the yield per acre is ten or three times as great and the total product six times as great. Besides consuming much more per capita than we do, the Germans use them for such manufactured products, glucose and alcohol. The real resources of the potato should be more fully exploited in this country.—Ex.

Sued By His Doctor
"A doctor here has sued me for \$12.00, which I claimed was excessive for a case of cholera morbus," says H. W. White, of Gosholt, Cal. "At trial he praised his medical skill and medicines. I asked himself if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by A. M. Hughes.

The following changes in salaries of postmasters have been made, based upon receipts for the past year: Morehead and Pikeville increase from \$1000 to \$1100. Kenova, \$1000 to \$1100. Williamson, \$1300 to \$1600.

Eureka Harness Oil
A good looking horse and harness is the best advertisement for a harness oil. Eureka Harness Oil is the best. It is made of the finest oil and is the only harness oil that is made in this country. It is sold by all harness dealers. Give Your Horse a Chance!

DEMOCRATIC CONVENTION.

Held at Court House in Louisa, Kentucky, June 4th, 1904.

County Chairman, A. O. Carter, called the Convention to order at 2 p. m., and after stating the object for which the convention was called announced that nominations for Temporary Chairman were in order. H. C. Sullivan was chosen Temporary Chairman, and W. D. O'Neal, Jr., was chosen Temporary Secretary.

Upon motion, the temporary organization was made permanent. A committee on resolutions was appointed by the Chairman as follows: Frank Johnson, James Q. Lackey, Dr. M. G. Watson, Jr., Fred D. Marcum, and D. C. O'Neal.

While the Committee was drafting the resolutions the convention was entertained by speeches by J. H. Northrup and others.

The Committee reported as follows:

RESOLUTIONS.
1st. We, the Democrats of Lawrence County, in convention assembled, approve the call of this convention and of the State Convention at Louisville on June 8th.

2nd. We feel it our duty as well as our privilege upon this occasion to express the general disapproval that exists as to President Roosevelt, whose administration of the affairs of the Nation prove him to be a "Rough Rider" instead of a "Rough Rider" in the sense of a reckless, despotic and unscrupulous ruler, and the confidence of the business and conservative elements of the United States. His exalted position came to him not through any merit of his own, but as a result of the work of a dishonest assassin. He is not the choice of his party for the nomination this year, but by the death of Marcus A. Hanna and the power of the presidential patronage, and the sway of the Roosevelt machine, he is to head the Republican ticket.

3rd. Resolved that the vote of Lawrence County be cast in the State Convention for the following persons, as long as their names shall be before the Convention as candidates:

For Chairman of the State Central and Executive Committee, Hon. James N. Kehoe, of the 9th Congressional District, of Boyd county.

For delegates from the State at large to the National Convention, Senators James B. McCreary and J. C. S. Thacker, Governor J. C. W. Beckham, and Thomas Brown, of Boyd county.

For delegate to the National Convention from this district, John W. Woods. For Presidential Elector for the 9th Congressional District, Hon. C. L. Williams, of Boyd county.

Resolved, That the delegates from Lawrence County be and they are instructed to vote as a unit on questions which may in any way affect the interests of Hon. James N. Kehoe.

The following persons are named as delegates from this Convention to the State Convention at Louisville, June 8, F. E. Fries, W. M. Justice, H. M. Watson, L. W. Spencer, John B. Spencer, A. O. Carter, Dr. Fred D. Marcum, D. C. O'Neal, James Q. Lackey, H. C. Sullivan, R. F. Vinson, H. H. Hallett, G. W. Gannell, A. J. Garrett, J. A. Vinson, John M. Hise, Robert L. Cox, J. H. Northrup, M. F. Conley, Geo. H. Folkerson, W. M. Folkerson, R. L. Vinson, J. O. Daniel, E. E. Shannon, Ad Skeens, G. W. Wright, H. S. Dorn, G. E. Fugitt, R. S. Chaffin, Jesse Cordie, L. M. Garrett, Bert Shannon, J. B. Howard, F. T. D. Wallace, John H. Thompson, Alexander Lackey, Jr., Tandy Tillet, C. T. Vaughan, Al Hayes, James Peters, Robert Bickel, W. D. O'Neal, Jr., Dick Moore and H. H. Vinson.

Resolved, That the proceedings of this Convention be published in the BIG SANDY NEWS and Boyd County Democrat.

On motion Convention adjourned.
H. C. SULLIVAN, Chairman.
W. D. O'NEAL, Jr., Secretary.

Worth of All Experiences

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, of Kentucky. For three years she writes, "I endured insupportable pain from indigestion, stomach and bowel troubles, which seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by A. M. Hughes, Druggist.

United States Circuit Judge Pritchard Friday granted a temporary writ of habeas corpus ordering the United States Marshal at Raleigh, N. C., to produce before him Editor Josephus Daniels, who is held in contempt of court by Federal Judge Purnell. Judge Pritchard will investigate the case today.

Ten Years to Bed.
H. A. (Tray), J. P., Oakville, Ind., writes, "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." Sold by Louisa Drug Co.

Kentucky Day June 15th

The Kentucky Commission for the Lousiana Purchase Exposition decided to postpone Kentucky Day from June 2 to June 15, and active preparations to make the day one memorable in the history of the St. Louis World's Fair are now on. No printed invitations are to be sent into Kentucky. Every Kentuckian from no matter what walk of life is cordially invited to be present. The Kentucky Press association will hold its annual meeting on Kentucky Day at the Kentucky Building on the Exposition grounds. This organization will meet first in Louisville on June 13, leaving that night for the World's Fair City on a special train furnished by the Henderson Route.

While the programme for Kentucky Day is not complete, enough is known to announce that it will be full of interesting events. The Kentucky Building is to wear a gala attire and brass band music from the outside and a string orchestra from the inside will give to the "New Kentucky Home" an attractive tone. The editors will hold an informal session at 10 o'clock in the morning, followed by a tour of the grounds on automobiles and on the Intramural System, winding up at one o'clock with a luncheon probably at the east pavilion, which is being conducted by Mrs. Rorer, the famous cook-book woman. At two o'clock the regular Kentucky Day exercises will begin in Festival Hall, consisting of addresses by prominent Kentuckians and ex-Kentuckians. After the ceremonies a meeting on the big pipe organ will take place. At night in the Kentucky Building there will be a reception from 8 to 11 o'clock.

Starling Incident

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Cough and Colds to be unequalled. A recent expression from T. J. McFarland, Kentucky, Va., serves as example. He writes: "I had bronchitis for three years and doctoring it the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, Consumption, Pneumonia and Croup. Guaranteed by A. M. Hughes, Druggist. Trial bottles free, regular sizes 50c. and \$1.00.

Death of Anna E. Thompson.

Whereas, an all wise Providence has visited the family of our beloved classmate and President and has taken from its midst its brightest jewel, Anna Elizabeth Thompson. Therefore, be it resolved: That we his classmates of the Kentucky School of Medicine tender our most sincere sympathy to the bereaved parents in this sad hour of grief and remind them that their beloved one is safe in the arms of Jesus; and that another strong link has been added to the chain that binds them to that bright Heavenly home.

Be it further resolved that a copy of these resolutions be sent to the bereaved family, to his county paper and be recorded in the minutes of the class.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their untold merits for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25c. money back if not cured. Sold by A. M. Hughes, Druggist.

Hatching Fishes By The Billion.

We no longer speak of hatching thousands of fry, but of millions and hundreds of millions. The number of eggs, fry, fingerlings and adult fish distributed by the Bureau and Fisheries in 1902 aggregated 1,500,000,000.

It is certain that the shad, whitefish, lake trout and pike perch fisheries, each of vast importance, have not only been saved from entire depletion, but that they have been unimpaired, chiefly through artificial propagation at a high degree of productiveness. That these fisheries are industries today, valued at nearly \$3,000,000 annually, is due entirely to artificial propagation by the Bureau of Fisheries.—[National Geographic Magazine.

Chamberlain's Stomach and Liver Tablets Better Than a Doctor's Prescription.

Mr. J. W. Tarnor, of Trueshart, Va., says that Chamberlain's Stomach and Liver Tablets have done him more good than anything he could get from the doctor. If any physician in this country was able to compound a medicine that would produce such gratifying results in cases of stomach troubles, biliousness, or constipation, his whole life would be used in preparing this one medicine. For sale by A. M. Hughes.

EXCURSION

To the Great Sells & Downs Shows.

Special excursion rates on all lines of travel have been arranged for by the management of Sells & Downs show, and those who wish to go to Ashland where this great circus exhibits Monday June 20—can do so at a very little expense. This will be the only point in this vicinity where the show will exhibit this season, and no one should miss the opportunity to witness it. Sells & Downs circus has been the leading arena exhibition of America for years, but the show has never been permitted to rest upon its reputation. Although it long ago passed the point of competition, every season sees a greater and grander show. This year's features are entirely new, and entails the combined efforts of 275 wonderful artists in the equestrian, gymnastic, acrobatic, and aerial line together with thirty famous clowns and hundreds of lesser lights. Two hundred and fifty horses are used and a marvelous trained animal department is presented. The circus this season is greatly enlarged. There is a gorgeous revival of the Roman hippodrome races, and many other stupendous features in this great circus. Circus day opens with a brilliant parade at 10:30 a. m. Don't fail to see it.

An Alarm Clock for 15c.

If you want to get up early and feel good all day take a Little Early Riser or two at bed time. These famous little pills relax the nerves, give quiet rest and refreshing sleep, with a gentle movement of the bowels about breakfast time. W. H. Howell, Houston, Tex., says "Early Risers are the best pill made for constipation, sick headache, biliousness, etc." Sold by Louisa Drug Co.

Very Bashful.

The Kingwood Argos is guilty of the following: "There is a girl in Morgantown who is so bashful that she cannot see a sleeping car without blushing and she faints at the sight of an unressed lumber. But she is hardly so foolish as a girl at Fairmont who covers the clock in her bedroom every night before undressing for bed and even has lingerie on the legs of her bedstead. However, there is a sweet young thing at Gratton who will not look at a tree in the winter time for fear she will see a naked limb, and she will not express an opinion fearing to unbecome her mind. But the Clarkburg girl who is so modest that she prefers a falsehood to the naked truth, rather takes the backshop."

A CONFIDENTIAL STRAIN

Many men and women are constantly subjected in what they commonly term "a confidential strain" because of some physical or family trouble. It scars and distresses them, both mentally and physically, affecting their nerves, body and bringing on liver and kidney ailments, with its attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "confidential strain," but they can remedy its distressing effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being and eventually dispels the physical or mental distress caused by that "confidential strain." T. H. South of August Flower, 27c. regular size, 75c. At all druggists. Louisa Drug Co.

Japanese Proverbs.

Instead of "more haste, less speed," the Japs say, "If in a hurry, go around."

While we crudely say "accidents will happen in the best regulated families," the Japanese put it: "Even a monkey will sometime fall from a tree."

The saying about edged tools and cut fingers the people of the Flowery Kingdom vary to: "If one plays with tigers watch for the claws."

We say "oil and water will not mix," and they say: "You can't rivet a nail in a eustard."

"Where we say 'out of evil may good come,' they have it: "The loins springs from the mud."

Mrs. Bartington's little attempt in Japanese "scattering fog with a fan," "building bridges to the clouds" or "dipping up the ocean with a shell."

And when a person making such an attempt fails they say: "Pbine own heart makes the world."

Paintsville.

Misses Martha Howes and Martha Preston are visitors at the St. Louis World's Fair.

Misses Martha Patrick and Edna and May Stafford returned from college at Abingdon, Va., Tuesday afternoon.

Uncle Josh Hayes, who formerly lived on Hoods Fork, died at his home near Indian Run, Greenup county, last week.

James Warden Turner and wife, Charles A. Kirk and wife and Paul Huggs left Monday morning for St. Louis to take in the World's Fair. They will be away two weeks.

John M. Williams and Morris Price have returned from Louisville where they have been taking a course in medicine at one of the leading colleges of that city.

John C. T. Mayo came in from Baltimore Monday afternoon. He says Mrs. Mayo is getting along nicely at the John Hopkins Hospital and he has great hopes of her restoration to health. Dr. W. W. Morion, of Charlottesville, is with her.

Dr. and Mrs. W. T. Atkinson, of George's creek, arrived here Saturday afternoon and remained until Tuesday morning the guest of relatives. They are now spending a week at Salyersville. Dr. formerly resided here and is thinking seriously of returning. He has many warm friends here who would be glad to have him here again.

W. H. Jayne, the Flat Gap merchant, who was recently tried in county court and sent to the lunatic asylum at Lexington, and brought back, left last week for Arkansas to join his father who resides somewhere in that state. Mr. Jayne has been engaged in business at Flat Gap for several years. At first he prospered and built up a good trade, but about six months ago his mind began to fail, and although he is perfectly harmless yet it is evident his mind is by no means right. His store is in charge of Ben F. Salyer.

At the residence of the bride's father, George C. Perry, at Williamsport, Thursday afternoon, Charles Fischer, of this city, was united in marriage to Miss Elizabeth Perry, Rev. C. W. Craig pastor of the M. E. Church, South this city, officiating.

Mr. and Mrs. Fischer left Friday morning for Vernalia, O., to spend a few days with Mr. Fischer's parents, after which they will visit the St. Louis World's Fair, returning here in about two weeks. They will occupy the residence now occupied by Mr. Patterson in the west end.

Trunks for the Philippines.

The trunkmaker was showing his wares. He pointed to a long, low, gilt-lined trunk, and said: "That looks almost burglar proof, doesn't it?" Well, if it isn't that it's red-hot proof. It's covered with sheet steel and when it is closed it is almost as tight as a safe. We are making that trunk for the army officers in the Philippines, and we've just sold forty-five to this year's class at West Point. This trunk, and I mean by that a trunk clad top, bottom and sides with sheet steel, is the only kind of a trunk which diles the red ant of the Philippines. The strong little creature, with its powerful mandibles, can eat its way through an ordinary wood and canvas or sole leather trunk, and once it is on the inside it eats everything it finds. I suppose now the red ant will have to equip themselves with 'Jinnies'."—[New York Post.

Interesting To Asthma Sufferers

Daniel H. Lova, writes I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Kidney and Urinary Cures. I have immediate relief and I will never be without it in my house. I sincerely recommend it to all. Sold by Louisa Drug Co.

A MINISTER'S BUSY WIFE.

Pe-ru-na a Prompt and Permanent Cure for Nervousness.

Mrs. Anna B. Fleharty, Gatesburg, Ill.

Mrs. Anna B. Fleharty, recent superintendent of the W. C. T. U. headquarters, at Gatesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 401 Sixty-Seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna:

"Having lived a very active life as a wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's, as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peruna for ten times its cost."—MRS. ANNA B. FLEHARTY.

Peruna never fails to prevent nervous prostration if taken in time.

Prof. John P. Brooks, dean of the Department of Civil Engineering, State College, has been notified by E. W. Lucas, Captain of corps of United States engineers at Memphis, Tenn., that upon his recommendation the State College has been placed upon the accredited list of schools of engineering in the United States, and that students having diplomas from the State College are entitled to promotion to junior grade of engineers after one year's active service, during which time the required ability has been shown. This ruling places the State College on equal footing with the best engineering schools in the country.

There are rumors from the Far East that a great battle is in progress at Port Arthur, but they are not verified and the reports are lacking in details. A Tokyo dispatch says the Japanese have occupied the first line of the fortifications outside of Port Arthur after a feeble resistance, and another correspondent of another paper says the Japanese have occupied Kwan Tung heights, on which they employed heavy artillery dominating Port Arthur. There are rumors, also unverified, of severe fighting on the Liao Tung peninsula.

The digging of May apple root is one of the leading industries among some of our people. Say, why not some of the oil machinery come our way. It is said that right here in our locality there is a spot of ground that is one of the finest looking places for oil that is to be found anywhere in this section, and it is also a good site for operating an oil well. It is on the land of Frank Cooksey, near Fallsburg. A prospector passing through said that on said spot of ground, oil could be obtained without a doubt and that at a very slight depth. Mr. Cooksey says there is also some indications of gas at the same place as he can see lights rising from the surface any damp night. The spot of ground referred to is the smallswag in the bottom just below Mr. Cooksey's home.

We are having a fine growing season, the corn and weeds coming up together and farmers are making the best fight they possibly can in favor of the former and vs. the latter.

We have two oil wells going down, one at Jesse Young's and the other at John Cooper's.

The worst thing now on the farmers is we have had a week of wet weather, and they are now in the weeds. Grass and oats are fine, the best for several years. Corn looks well, but very weedy. Pastures are good.

There is not a day that some of the oil well machinery does not pass on our road to the upper country.

A Buying Opportunity That Comes But Once a Year.

Our Summer Clearance Sales have become a yearly event of such importance to economical buyers that many wait weeks and weeks for this occasion to take place.

It's really the Bargain Season of the year.

Most everything is reduced regardless of cost. The one purpose is to clean out stock for our Fall Goods—and a clean-out it must be. Our prices usually have the desired effect. We put them so low that you can't help but consider them.

If we quoted all the prices here it would fill the entire page, so we only tell you to come and judge our method of clearing stock.

The saving you can make by buying here will more than pay your fare.

CHARLEY.

First we want to state the Decoration of the M. P. S. here on the 28th ult. was a grand success and was joined with a concourse of friends and neighbors which made a very large crowd.

They marched to several graves and strewed many flowers and had eloquent speeches, but the grandest event of the day was that of decorating the living, old uncle Isaac Pack, Sr., at his home place by his request.

He is one of the first who settled on this creek many years ago when there was but two families besides his, when this creek was a solid wilderness and no roads, no mails, no schools, no stores, no grist mills. He was the one who had the first boundary line run for a school district on this creek, and to have the road surveyed from mouth of George's creek to Mill Sweetman's on Brushy creek. His age is 91 years, and he is one among the best citizens of Lawrence county and should be remembered by the living generation.

Mrs. Roscoe Burton, who has been confined to her room for quite a while, is improving slowly.

Mrs. T. J. Spencer, Maud and Antise Spencer were calling on relatives here last week.

Dr. Wheeler, of Johnson county, has located here at Dave Spencer's to serve our people with the greatest of pleasure.

Mrs. Gns Moore visited home folks at Forks of Little Blaine last week.

Several of our people attended court this week.

The Sunday School Convention that was held here on the 28th was very much appreciated by our people and was largely attended. Our people are always willing to lend a helping hand in this good work.

Mrs. Alonzo Burton, who has been on the sick list, is able to be out again.

L. W. Thompson and Onky Vaughan are here from Tusseyville hauling lumber from Brady.

David Spencer is erecting a dwelling house on Wallace Vanhosen's lot.

Roscoe Burton is building a house for Green Hays.

The Paintsville Herald says:—Tracklaying on the railroad extension has been suspended this week on account of heavy rains. The track has been laid to Jim Linda Castle property, above the mouth of Muddy Branch, and will reach the Paint creek bridge by Saturday.

The construction train is following up the work, and the citizens of Paintsville are now able to hear the whistle of the locomotive.

The iron work on the Paint creek bridge will be placed in position as soon as cars can reach the bridge. It will require only a few days to put up the bridge and tracklaying will then continue on up the river.

Many flying reports have gained circulation concerning the location of the Paintville depot. Some of our people are strongly inclined to the belief that the depot will be located on the lower side of Paint creek, but The Herald is in a position to say for a fact that the depot will be located in Lind Stafford district, and those contemplating different had as well be resigned to their fate.

Valuable Handkerchief.

The following item is going the rounds of the press, and has called the attention of one of our citizens to the value of a highly prized relic which has been carefully kept in the family ever since the war: "Walter Aldrich, the bibliographer of Providence, has in his possession a unique bandanna handkerchief, one yard square, made of silk of red body, with portraits of Davis, Beauregard, Semmes, Lee, Mason, Silldell, Morgan, Jackson and Johnson printed in black, encircled with wreaths of characteristic southern leaves, with ferns and the cotton plant on white ground. It is said to be the only one of the 12 ordered for the Confederate government in England by Judah P. Benjamin and was rescued when on his way to this country from the Alabama when she sank. It subsequently became the property of General Kirby Smith, but Mr. Aldrich now owns and has it framed and glazed and values it at \$1,000." Mrs. Robt. Hurchett, of Louisa, has one of the original twelve handkerchiefs described above. It is in an almost perfect state of preservation, having but two breaks in the color as bright as if new. It is a handsome piece of workmanship and the description given above is not in the least exaggerated. Mrs. Hurchett's father, Mr. S. W. Hatcliff, who was a Confederate soldier, paid \$100 for the handkerchief near the close of the war. It has been in Mrs. Hurchett's possession for several years.

Alfalfa in Lawrence County.
W. T. Kane, one of our most intelligent and progressive farmers and live stock breeders, has fully demonstrated the adaptability and necessity of alfalfa for Lawrence county's poorest land. Yesterday he showed us a bunch of this great product, cut from a very poor piece of hill land, the elevation of which is 1168 feet. It grew on his farm near Fallburg. This was the second cutting this year and it measured 30 inches in height. He had other samples twelve inches high which were from seed sown in the early part of last month.
Most of our farmers are familiar with the great results achieved throughout the west with alfalfa as a food for stock. No matter how dry the location, nor how poor the land, it seems, this grass flourishes and can scarcely be eradicated. The only difficulty is in getting it "set." Mr. Kane says this can certainly be done by proper methods. Let our farmers take up this matter and turn their old hills into green pastures.
Mrs. Mary E. Hatch, the State's Corresponding Secretary of the W. C. T. U., will visit the Louisa Union on June 21st, and will address them at the Court house that evening. There will also be a musical program rendered, and some recitations given. Everybody who is interested in the cause of temperance is cordially invited. From now until that date we will ask the gentlemen to lay aside their little sum they invest in tobacco and cigars, as well as the ladies their candy and chewing gum expense and let's contribute largely to a cause that is just and right. We would be glad indeed to have representation from every section of the county at that meeting. Cordially yours,

OUR 4th OF JULY

Celebration Will Far Surpass the One Given Last Year.

Louisa is to have a 4th of July celebration. Committees are now at work raising money and a program will be arranged as soon as possible. It is intended to make the celebration interesting enough to bring everybody to Louisa on that day.
Arrangements are under way for another Fourth of July celebration this year. We are not yet able to give particulars but can say that there will be a celebration—that it will be a larger and better one than we had last year. The arrangements are in the hands of efficient committees.
We would be glad to receive suggestions from any one as to features that it is believed would prove acceptable. Let the people throughout the county say what will suit them best. Address communications to Box 52, Louisa, Ky. Cos.

Jas. M. Rice, a former citizen of Catlettburg, after spending a couple of years on his farm near White's Creek, is moving back to his hillside home on Railroad street—Ashland Independent.
A prominent railroad official says he heard that a deal would be closed soon by which the control of the Cincinnati, Hamilton and Dayton Road would pass to the Pere Marquette or the Boston people who own that property. The Pere Marquette, which reaches Toledo, where it connects with the C. & H. and D., has been reaching out some lately, and has made truckage contracts with Vanderbilt lines for an entrance to Chicago and also to Buffalo.
Mr. Luke Powell and Miss Margaret Schuch will be united in marriage Wednesday, June 15, at Ashland. Rev. W. C. Condit pastor of the First Presbyterian church of which both parties are members will perform the marriage ceremony. It will be a very quiet home affair, only relatives being present. The bride to be is truly a very handsome and popular young lady. The groom, while an Ashland boy, is now cashier of the bank of Cannel City, Morgan county. Immediately after the ceremony Mr. Powell and bride expect to leave for a brief wedding tour, and later will go to their home at Cannel City.—Ashland Independent.
Williamson, W. Va., June 6.—Another man has been found dead with every indication pointing to murder. Last Thursday night Bonulus Swader left home between sundown and dark with the intention of going to see a doctor. He did not return Friday night and his relatives and other parties about town searched for him all day Friday without finding any trace of him whatever. Saturday morning he was found in the river at the ford in the east end of town. A coroner's jury was summoned and an inquest held. Dr. Ben Harris made an examination of the body and stated that the man did not come to death by drowning. It was the opinion of the physician and it is generally believed that the man was choked to death and thrown in the river. Swader was about 60 years of age.
Bill Swader, a youth of about 16 years and the son of the murdered man, was the last one seen with him, and according to the boy's own evidence, he accompanied his father to town and back up the hollow to Jerry Blackburn's home. Jerry Blackburn was a son-in-law to "Old Man" Swader and it was said that the two men had some difficulty over a tract of land on the branch. This morning warrants were issued for Jerry Blackburn and Bill Swader, charging them with the murder of their father and father-in-law and they were placed in jail.
Circuit Court.
The jury disagreed in the case of Leon Ferguson, charged detaining a woman, which was on trial when the News went to press last week.
Very little business was transacted in court after that, and on Wednesday an adjournment was taken until next Monday.
The cases of Victor and Fred Caperton and Al. Wellman, charged with shooting into the Sherrill's party last winter when Chas. Vaughan and L. D. Boggs were wounded, are set for trial next Monday.
James L. Gentry has purchased from Boyd Wellman a house and lot in the South side Addition to Louisa, and will move into it July 1st.
The M. E. Church will give an ice cream supper at Mrs. Lizette Wellman's this (Thursday) evening.

Announcement.

To the voters of Lawrence county: I hereby announce myself as a candidate for County Judge of Lawrence county, to be voted for at the November election, 1905, subject to the action of the Democratic party. What is your interest in my interest and so make this announcement by the solicitation of my many friends from all parts of the county, and in so doing I feel that I am better qualified to fill the very responsible position of County Judge in the future than in the past, as I have a good library of law books since I went out of office and have made it a business to study them.
In making this announcement I am not waging war on any one. I am simply in the bands of the voters and tax-payers of Lawrence county and what is their will shall be my good pleasure, and if given the nomination I shall try to be elected; and if elected will know no one in the discharge of my official duty, rich or poor, black or white, bond or free.
Being under many and lasting obligations to the voters of Lawrence county for what they have done for me in the past, I remain,
JOHN H. THOMPSON.

All Bodies Recovered.

The body of the third victim of the quadruple drowning near Buchanan, two or three weeks ago was found in Big Sandy river last week at a point opposite England Hill. The body was removed to Catlettburg and there identified as that of Mr. Hicks. The remains were taken to Buchanan on the O. & B. S. train for interment. Thursday morning just a short distance below where the accident occurred, the body of the fourth victim, Mr. Lumbert, was recovered. It is presumed that this body became covered up in the sand, and that it was washed out by the present tide in the river.

An Ordinance.

WHEREAS, Lexington & Big Sandy Railway Company proposes to erect and build a new brick station building or passenger depot on the site where the old frame depot was burned, on the West side of Jefferson street, between Main and Madison streets, in Louisa, Ky., and whereas, it is desired to make said station and grounds around same more convenient and comfortable for the City of Louisa and the traveling public in general, it is now proposed by said Railway Company to build or lay a concrete pavement or walk on the whole or part of Jefferson street between the property line of Lot No. 28 on said Jefferson street and the railroad track, and said concrete pavement or walk will have to be higher than the present grade pavement on said square.
THHEREFORE, for the purpose of including the said Railway Company to put in said concrete pavement, the City Council of the City of Louisa, does ordain as follows:
SECTION 1. Said Lexington & Big Sandy Railway Company, its licensees or successors is hereby granted the right and privilege of building, making and maintaining a concrete pavement or walk sixteen (16) feet wide extending from the property line of Lot No. 28 next to Jefferson street on all, or any part of Jefferson street, between Main and Madison streets, and said Company, its licensees or successors is hereby authorized to build and maintain said pavement or walk, not to exceed 15 inches higher than the present line of railroad track between Main and Madison streets and the said pavement or walk is to be furnished by the Railway Company with suitable steps or incline at each end of same, to enable the free use of same as pavement or sidewalk, and the said Railway Company, its licensees or successors is hereby granted the right to raise the pavement on this portion of the lot known as "Depot Lot" on Madison street, so as the same is not more than 12 inches higher than its present grade, and shall either make easy steps or incline to approach said pavement after being raised.
SECTION 2. This Ordinance shall be in force from and after the publication thereof.
Anna Elizabeth, little daughter of Mr. and Mrs. D. J. Thompson, of Webbville, died at the home of her grandfather, M. M. Walter at Blaine last week, after an illness of two or three weeks with typhoid fever. She was about four years of age and a very bright child.
G. R. Burgess went to Catlettburg Wednesday to meet his niece, Miss Lella Snyder, who returned from school at Sikeston, Va.
Attorney W. H. Wadsworth, of Mayaville, was here Tuesday attending court and was the guest of Mr. and Mrs. F. T. D. Wallace.
Mrs. F. F. Freese left Monday for a visit in Cincinnati. She will be accompanied home by her daughter, Miss Kate, who is in school there.
Mrs. Julia Fulkerson and son, Homer, left Wednesday for an extended visit in Minnesota and Oklahoma and will attend the St. Louis Exposition.
Lizzie Paekett, a poorly clad young woman, dropped into police headquarters Wednesday morning and wanted to see the "head man." The girl said she was unable to work on account of illness, and wanted to return to her home in Louisa, Ky., but had only fifty cents. She had come here a month ago to do housework in a family at Eloveth and Lawson street. She was referred to the city auditor, but, instead, repaired to the wharfbat.—Pittsburgh Times.

A Change in Business.

On account of a decision just reached to make an important change in our business, we have begun a

Complete Clearance Sale

and are naming such low prices we expect to unload our shelves and counters almost entirely within the

NEXT THIRTY DAYS.

This decision was not made until after our Big Summer Line of goods had arrived, so you have as complete a stock as was ever shown here to buy from at this great sacrifice sale.

We want to move the goods quickly and if low prices will do it the stock will not last long. Our goods are up-to-date and were bought at the lowest prices, and you get the benefits. It is not a job lot of odds and ends, old and worthless, but the stock is all good value and worth every cent we asked even before this big reduction sale began.

This opportunity is such an excellent one that you can not afford to let it pass, even if you do not need the goods just now. It will pay you to buy for your future needs. Come in at once and you will have choice, as these goods can not last long at the prices at which they are offered. Remember that we sell

Dry Goods, Notions, Clothing, Hats, Shoes, Dress Skirts, Ladies and Gents Furnishings.

The heavy cut in prices extends through all our lines, and it would therefore be impossible to name prices here. Call and see for yourself.

Yours for honest dealings,
